

Brick *by* Brick

Making history happen. Together.

A campaign to ensure and protect our future.

A History *of giving*

In 1900, New Jersey Senator William M. Johnson began a rich legacy of giving when he donated land and funded the construction of a library in Hackensack. Since opening in 1901, the Johnson Public Library has been a vital resource to the people, schools, medical institutions, legal offices, and organizations of Hackensack and surrounding communities. As a thriving public library, it has given countless adults and children opportunities and avenues to learn and grow.

giving back... Looking Forward

Now it's time for us to give back to our library, to ensure that the doors of knowledge will be open for the enjoyment and education of generations to come. Funds raised through our Brick by Brick paver program will be applied to the library's existing endowment fund. Growth of the endowment is self-funded through the reinvestment of interest. It's our way – and responsibility – to protect our library for all time.

History *in the* Making

You can be part of this exciting time in our library's history by joining our Brick by Brick campaign. By purchasing a paver, you'll add to the library's distinguished entrance and create a lasting legacy for you and your family. You can memorialize a deceased loved one, honor someone special, remember a cherished friend, commemorate an anniversary or birthday, pay tribute to a veteran, show affection for a pet, or congratulate someone for an accomplishment.
