The City of Hackensack has adopted an Ordinance, codified at Chapter 85 of the Code of the City of Hackensack, governing filming within the City. All filming must be conducted in accordance with the Ordinance, which is available for review on the City's website, www.hackensack.org. Filming on public property, or on private property where such filming involves the use of public property, requires a permit.

Completed applications for a filming permit shall be returned to the Office of the City Clerk along with an insurance certificate reflecting proof of insurance coverage in the amounts established in Chapter 85 of the City Code. Current insurance requirements are as follows, with the City of Hackensack to be named as "additional insured":

- a. For bodily injury to any one person in the amount of \$500,000 and any occurrence in the aggregate amount of \$1,000,000.
- b. For property damage for each occurrence in the aggregate amount of \$300,000.

If the proposed filming activity, by reason of location or otherwise, will directly impact any businesses, merchants or residents within the City, these parties <u>must</u> be given written notice of the filming at least three days prior to the requested shooting date and be informed that objections may be filed with the City Clerk. Proof of service of said notice shall be submitted to the City Clerk at least two days prior to the proposed shooting date, <u>or the application for a filming permit will be denied</u>.

This application will be reviewed by the Police Department and the City Manager prior to the issuance of a filming permit. If required, the applicant must hire one or more law enforcement officers to ensure public safety, as determined by the City. In order to determine the number of law enforcement officers required, a filming questionnaire from the Police Department must be completed and submitted together with this application.

The applicant shall permit the Fire Prevention Bureau or other City Inspectors to inspect the site and the equipment to be used. The applicant shall comply with all safety instructions issued by the Fire Prevention Bureau or other City Inspectors. It is the responsibility of the applicant to contact the Fire Prevention Bureau at 201-646-7685 when making application for any filming activity which includes (i) open flames, (ii) propane, (iii) portable generators or (iv) pyrotechnics.
